THE MOST REVEREND TIMOLEONE RAIMONDI

First Vicar Apostolic of Hong Kong

1874-1894

HIS HOLINESS
POPE FRANCIS

The school badge is in the form of a shield which carries four symbols:

The Cross is the Christian symbol of salvation. It signifies God's love for mankind through the suffering and sacrifice of His only begotten son, our Lord Jesus Christ.

The Laurels are signs of success, glory, joy and peace.

The Bridge of Knowledge guides students in their search for a meaningful life.

The Tower which is built from many pieces of stones shows that perseverance and diligence are prerequisites to a strong foundation for the pursuit of noble goals in life.

高主教書院的校徽呈盾形，畫有四種標誌：

左上角是代表救贖的十字架，透過耶穌基督的苦難與犧牲，顯示了天父對人類的慈愛。沐浴在十字架光輝的是象徵古希臘運動員殊榮的桂冠，表現了成功、喜悅、快樂和平和。

知識堡壘由磚石逐一砌成，象徵同學學術根基鞏固，然後沿著真理之橋前進，展開人生坦途。

Raimondi College School Hymn

Music : Fr. Peter Lau Word : Jesuit Father

Con Spirito

All hail to thee be - lo - ved school, With torch of wis-dom bright, Guiding

all her sons to truth and life, E-ver on-wards to the heights, Here's to the home of

lear-ning, Our an - chor and our stay. Our shi - ning star that gleams a - far A -

bove our night and day. Let us all in song u - ni-ting, Ho-nour praises be to

thee. Voi-ces filled with deep af - fec - tion, Prove and show our fe - al - ty.

Let us strive by word and ac - tion, To be worthy sons of thee, Tho' far we roam from

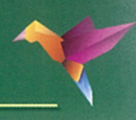

this dear home, True and loy-al we shall be. And when we leave thy por - tals fair, At the

par - ting of the ways, The mem - 'ry of our years with thee We'll count a-mong the

best. O, let our voi - ces rise and sing, With grate - ful heart and soul O,

let our pray'rs as - cend on high God bless our be - lov - ed school.

School Mission Statement

College shares the universal mission of Catholic Schools in the education of whole person. Consistent with the school motto "In Constantia Fortitudo" we shall guide our students to persevere in their quest for knowledge and help students build their character, develop their potential and their sense of commitment towards the community at large.

It is the school's hope that all students and members of staff experience the spirit of love and understand the teachings of the Gospel both through the curriculum and school life. We shall uphold and pass on the core values of Catholic Education (Truth, Justice, Love, Life and Family) to students to prepare them properly for their life and future responsibilities.

Five Core Values

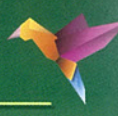

To introduce Catholic life views to students and encourage them to embrace the core values endorsed by the Catholic Church, Raimondi College strives to uphold the five core values of Catholic Education - Truth, Justice, Love, Life and Family and apply them in daily teaching and learning.

We strive to nurture students in such a way that they will:

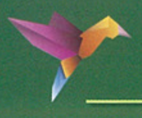

· pursue and embrace **Truth** with fervour
· uphold **Justice** before God and in their community, to advance the common good
· model themselves on Christ, **Love** others as themselves and care for the needy and the vulnerable
· affirm the supreme value of **Life**, living out its full meaning
· honour their parents, love and respect their spouse and foster filial harmony in the **Family**

Content

1. Major Concern 1: To nurture a student-centred and language-rich learning environment conducive to effective learning and teaching

1.1 Unleashing students' creativity, collaboration and problem-solving skills via interactive classroom and student-centred pedagogies

(a) Students' creativity, collaboration and problem-solving skills were unleashed through participating in cross-disciplinary projects and details are as follows:

- S1 field study to Cheung Chau (Life & Society, Geography, Chinese History and History)
- S1 STEM project (Integrated Science, Computer Literacy and Mathematics)
- S2 STEM project (Computer Literacy, Integrated Science and Mathematics)
- S3 field study to Shenzhen (Chinese History, History, Geography and Life & Society)
- S3 Bible stories project (Religious Studies and Computer Literacy)
- S3 STEM project (Physics, Chemistry and Biology)
- S3 musical drama (English Language and Music)
- S4 fashion show (Visual Arts and Music)

(b) Students were equipped with generic skills through subject-based projects:

- S1-3 Chinese writing portfolio (Chinese Language)
- S1-3 History projects (History)
- S2 Consumer Council project (Life & Society)
- S1 & S5 Trade market (English Language)
- S5 Independent Enquiry Study (IES) (Liberal Studies)
- School-based assessments (English Language, Chinese Language, Physics, Chemistry, Biology, Information & Communication Technology, Visual Arts)

(c) Students' collaboration was facilitated by creating the favourable learning conditions to maximize student-student interactions as well as teacher-student interactions as follows:

- S1-2 classes were split from 4 to 5 at each level.
- Split-class arrangements were in effect for core subjects in S3-6 and S3 Computer Literacy
- Special seating arrangement was designed to foster discussions in S1-2 classrooms.
- S1-2 students were grouped purposely to form effective learning communities.
- Strategies for an interactive classroom were devised at subject level.

(d) Students' problem-solving skills were enhanced with the help of information technology (IT) in education as below:

- WiFi infrastructure for e-learning was further improved by installing apple TV in each classroom.
- More videos were produced for flipped classroom and pre-lesson preparation tasks beyond classroom.
- Google Classroom was utilized as electronic platform for teacher-student communications.
- More tablets were purchased to encourage the use of mobile learning and e-learning at classroom.
- Problem-solving tasks were planned and implemented at subject level.
- Workshops (the use of Google Classroom and mobile app "Explain Everything") were jointly arranged by the Staff Development Team and IT Team to equip teachers with necessary IT skills and pedagogies.

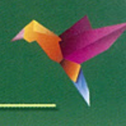

(e) Professional interflows with the Education Bureau (EDB) and expertise bodies developed our staff with regard to fostering learning and teaching-and-learning efficacy.

- The collaborative project on student learning named "Teacher – Scheme for Educational Dialogue Analysis (T-SEDA)" in association with the University of Hong Kong (HKU) and the University of Cambridge was carried out. It involved a series of meetings and workshops for improving teaching in the subjects of Life & Society and Liberal Studies. The scheme of work was shared among teachers on 20 October 2017.
- Another concerted project in developing effective learning concerning Life & Society called "Making Thinking Visible" was executed. This is a Quality Education Fund (QEF) project accomplished in cooperation with our Educational Psychologist, the Student Support Committee and St. Teresa Secondary School. The purposes of the projects were briefed to other teachers on 20 October 2017.
- Thanks to the good practices of e-learning at school, our Biology teachers were invited by the Education Bureau to serve as the speakers for sharing our school experiences with other schools in the use of flipped classroom for learning and teaching on 10 May 2018.

1.2 Enhancing students' language proficiency by enriching and extending their learning experiences in reading and writing literacy across the curriculum.

(a) Updating the language-across-the-curriculum (LAC) programme

- English lessons were assigned to LAC in S1-2 classes
- The relevant learning and teaching materials used in the subjects of Integrated Science, Computer Literacy, Mathematics and Life & Society were reviewed by the LAC Team.

(b) Pilot scheme on developing curriculum materials to enhance teaching in the English medium.

- The School participated in the "School-based Support Programme on Developing Curriculum Materials to Enhance Teaching the Key Learning Areas of Technology, Education Arts Education and Physical Education" working closely with the Education Bureau (EDB) and the Hong Kong Polytechnic University. The programme embraced the following:
- A series of staff development workshops for teachers were conducted.
- Collaborative lesson planning for developing curriculum materials on Computer Literacy was achieved with the help from the professionals.
- Computer Literacy lessons using the suggested pedagogies were observed with follow-up discussion.
- The experiences were shared with the EDB officials, HKPU professionals and other participating schools.

(c) Strengthening the role of the School Library as learning centre

- The School Library was renovated to provide learners with enriched printed and electronic resources, networked computers, independent study areas, multimedia meeting rooms, exhibition spaces as well as study pods for collaborative learning.
- Visits to the School Library were arranged during clasS time for S1-3 students to cultivate in them a good reading habit.
- Reading promotion activities jointly organized by the School Library, Reading Team and Subject Departments include Book Exhibitions, writer's talk, theme-based exhibitions as well as the reading week.
- The online library system for the search of resources and promotion of reading was maintained.

(d) Implementing reading programmes across the curriculum

- The DEAR (Drop Everything And Read) programme was adopted.
- Newspapers were subscribed by S4-6 students.
- Reading programmes (e.g. extensive reading schemes) were implemented in language subjects.
- Reading was promoted according to the reading policies of different subjects.

(e) Designing writing activities across the curriculum

- School-based writing learning pack was devised in English Language.
- Students' writing ability was improved through implementing Chinese Writing Portfolio and setting up school-based practical writing materials.
- "Classical Chinese"（文言文）teaching in S1-3 was enhanced so as to lay foundation for senior secondary study of Chinese Language.
- English and Chinese collections of students' work were edited.

1.3 Implementing Science, Technology, Engineering and Mathematics (STEM) education through cross-curricular collaboration

(a) Revising the curriculum of STEM-related subjects

- STEM-related subjects (Computer Literacy, Mathematics, Integrated Science, Physics, Chemistry and Biology) had their curricula revised as below:
- Teaching in certain STEM-related topics was enriched.
- Some worksheets were modified or added.
- New projects were introduced and some existing projects were adjusted.
- The syllabuses were restructured or rescheduled.

(b) Launching the cross-curricular STEM projects with the help of professional consultations

- S1 field study to Cheung Chau involving augmented reality (AR) technology (Life & Society, Geography, Chinese History, History)
- S1 STEM project involving 3D printing (Integrated Science, Computer Literacy and Mathematics)
- S2 STEM project involving mBot coding system and relay switch (Computer Literacy, Integrated Science and Mathematics)
- S3 STEM project involving design of scientific device (Physics, Chemistry and Biology)

(c) Carrying out STEM research projects by talented students

- Gifted students were identified by school assessment data and the International Credential Assessment Service (ICAS) test
- A makerspace comprising a variety of maker equipment, tools and parts as well as mBot robot kits with Arduino programming platform, sensors and Lego parts was purchased.
- Workshops and lessons teaching knowledge and skills on coding, 3D printers, makerspace, mBot robot kits, virtual reality (VR) and augmented reality AR were offered as co-curricular activities for interested students.
- Research projects using the recent technology were conducted by gifted students in STEM. They were encouraged to participate in related competitions. Several awards were received by them as recognition.

(d) Staff development on STEM education

- The development of STEM education was supported by the EDB School-based Support Services called "Self-Directed Learning as a Strategy to Promote STEM Education" under the University-School Support Programme in cooperation with the HKU Department of Electrical and Electronic Engineering.
- Both teachers and students received workshops on the use of makerspace, VR and AR technology, and assemblage of a 3D printer, paving the ways for wider applications in research projects as well as the establishment of an immersive cave.
- The development of STEM education at school was briefed to all teachers during the Staff Development seminar held on 5 March 2018.

1.4 Reflection

- The School has achieved a paradigm shift from traditional classroom teaching practices to interactive learning at classroom owing to the introduction of small-class teaching scheme as well as the e-learning and flipped classroom repertoire.The enhancement of learning and teaching effectiveness caters to the diverse needs of students in the fast-moving digital and knowledge world. The reform has brought about achievements that have been acknowledged by different stakeholders, ranging from students, teachers, parents to alumni. Invited by the Education Bureau, our learning and teaching practices were shared with other schools. We will further develop our students' generic skills in an integrative and inquisitive manner, forming effective learning communities both inside and beyond classroom.
- The language-across-the-curriculum (LAC) programme, adoption of DEAR (Drop Everything And Reading) reading programme, opening of the newly renovated School Library, as well as implementation of reading programmes and writing activities across the curriculum were central to helping students master the literacy skills this school year. The School will enhance the reading and writing skills in students by providing diversified meaningful authentic contexts for them to apply the skills in life-long learning.
- Equipped with the basic knowledge and skills, such as 3D printing, robotics, coding, virtual reality (VR) and augmented reality (AR) technology, our students are confident of integrating and applying them in solving educational problems in a cross-curricular approach. Further training was provided for interested and talented students to carry out co-curricular projects. Their efforts were recognized as they received multiple accolades at competitions and were offered opportunities to represent the School at exchange programmes in Taiwan and Switzerland. Continuous and sustainable development of STEM (Science, Technology, Engineering and Mathematics) education will be executed to enrich students' STEM-related learning experiences. These include collaboration of the School with professional bodies and relevant organizations, immersion and extension of STEM learning in students into wider scope of curricular and co-curricular realm, as well as broadening their horizon into local, national and international educational activities.

2. Major Concern 2: To cultivate the five core values of Catholic Education for students' life planning

2.1 Adopting a holistic approach for the cultivation of two of the five core values – 'Justice' and 'Truth' within school.

(a) Promoting the core values of 'Justice' and 'Truth' through religious activities among students and teachers

- A joint-section school opening mass was held at the Cathedral of Immaculate Conception with Rev. Chan Chi Ming Dominic, V.G. as our celebrant. Over 1000 students, teaching staff and school managers from both secondary and primary sections participated in the event.
- Jointly organized by R.S. Department / Religious Affairs Team of Raimondi College and the Cathedral of Immaculate Conception, a catechumen class was conducted.
- The recitation of the Holy Rosary was held bi-weekly during lunchtime. All teaching staff and students were welcome to take part in them.
- Spiritual sharing sessions led by our school Supervisor were regularly conducted for Secondary and Primary teachers. The sharing sessions have been a regular spiritual booster for all teachers to face their challenges.

(b) Cultivating the core values 'Justice' and 'Truth' in students through service learning

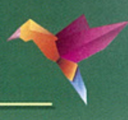

- A group of students were recruited to perform Christmas Caroling at Causeway Bay in December 2017. With the support of Caritas, community service programmes were launched in S3 (助人自助) and S4 (愛貧為先) to nurture empathy in students. Students, in the end, learned through serving the needy with commitment and humble means.
- Whole-school fundraising events, for instance 'Dress Causal Day for Community Chest' and 'Dress Red for Thalassemia' were organized to cultivate empathy towards the needy in our students community.
- A flag-selling activity was organized by Hong Kong Catholic Marriage Advisory Council in January 2018. A task group was formed to get students spiritually ready for the service.
- Game booths and religious souvenirs were designed and sold by S3 and S4 students in Caritas Bazaar November 2017.

(c) Hall Assembly

- A cross-team introductory talk was organized for S1 to S6 students to familiarize them with the school major concerns and core values.
- The monthly hall assembly was held to help students understand and live different themes on 'Truth' and 'Justice'. The themes were as follows:
  - September: Truth – Righteousness
  - October: Truth – Integrity
  - December: Truth – Nature
  - March: Justice – Love your Neighbour
  - May: Justice – Actions Speak Louder than Words
- Through mass programs as well as various extensive activities, students were nurtured to develop a good character and defining virtues including perseverance, empathy, love and helpfulness etc.

2.2 Assisting students to actualize their aspirations by nurturing their whole person development through implementing life-planning programs.

(a) Devising Life Planning programmes to facilitate students' whole person development.

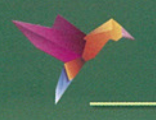

- With the collaboration of various sub-committees of Student Support Committee, a formal and an informal curriculum for Life Planning lessons were restructured and applied in lower forms with tailored teaching materials. Feedback and reflections were regularly collected from teachers and students in reviewing and modifying life planning lessons.
- The S4 Orientation Camp with mass programmes and group works were regularly organized every year.
- iDream programme for S1 to S6 students: successful entrepreneurs and professionals such as Corporation CEOs and university professors were invited to share their dreams and careers aspiration with our students.
- Collaborating with various subject panels, cross-curricular programmes such as slogan design competition, thematic sharing sessions and drama performances were held to facilitate our students to pursue 'Truth' and 'Justice' in their daily lives.
- Workshops on 'My Assets I and II' were organized for S1 with the aim of facilitating students to realize their own assets: their attitude, skills and knowledge.
- With the support of the Jockey Club Autism Support Network, the "i-Reach" social skill training programme was completed in the first term of 2017-18. Six autistic students (S2 – S5) were recruited in the social skills training programme.
- The Career talk on S4 Electives selection for S3 students and their parents was held to guide them on choosing the appropriate subjects for future studies in accordance with their learning ability and aptitude.

(b) Mentorship programme was implemented across S1 to S6 to motivate students to pursue their learning through repeated planning and self-evaluation.

- A restructured mentorship scheme 'My Dream, My Faith' was launched to spark students' dreams and guide them to achieve their goals. A refined version of log book for S4 and S5 was used to help students to record their achievements, plan for their study goals and reflect their progress.
- Individual guidance sessions were conducted for weaker students after exams and tests. With the assistance of Guidance Prefects, Lunch Revision Programme was arranged for the bottom cohort of S1 and S2 students.
- Job shadowing will be arranged for students to actualize their learning goals through iDream programme – CANBIG Job Tasting. In the coming summer, some top-notch students would be nominated to join the CANBIG Job Tasting programme. Students can experience and apply their science knowledge with authentic life-science and technology.
- A Careers talk was organized to familiarize the S.6 students and their parents with the JUPAS application and programme choices. Fresh University graduates were invited to share their experiences and tips on choosing JUPAS programmes and preparing for the university interviews. University Admission Interview Preparation Workshop and Mock Interview were launched to better equip students with the skills needed.

2.3 Fostering righteousness and sportsmanship in students through informal curriculum.

- The Mock Trial 2018 competition, co-organized by the Society of Rehabilitation and Crime Prevention and the Law of Society Hong Kong, was introduced to S.4 students. It is a new form of debate and public speaking on the burglar cases in front of judges from Hong Kong legal community. Through performance-based education, the programme fosters an understanding of values of our legal system and the rule of law.
- Various dramas and talks were organized by Hong Kong Police and ICAC to deliver the message of righteousness to nurture students.
- The Rehabilitation Pioneer Project organized by Correctional Service Department was introduced to our S.3 and S.4 students, aiming at developing positive values towards life and nurturing students to become responsible and law-abiding citizens.
- The three-day Prefect Body Training Camp was held in Cheung Chau on 17th December 2017. Not only can the leadership ability be sharpened, but also the skills required to be a more responsible and disciplined prefect.
- The importance of sportsmanship was emphasized in trainings and competitions in Sports, Music and other ECA activities.

2.4 Reflection

- With the unrelenting support from our alumni and RCPTA in the past 3 years, our major concerns have been well actualized and implemented. The five core values of Catholic Education, namely Truth, Justice, Love, Life and Family, have been integrated into students' learning and school life.
- Various student support strategies and plans were devised to brighten up students' school lives through our formal and informal curriculum. In addition, we strive to include the essence of Chinese virtues into our moral and civic education; to facilitate students' understanding in Chinese history and culture grounded on the Catholic core values laid.
- To raise the quality of teaching the formal curriculum of Life Planning Education, collaborated efforts were made to renew the teaching materials. With the collaboration of the focused subjects like Chinese, English, Religious Studies and BAFS, Life Planning programmes have become more resourceful in realizing their teaching goals. Various activities were organized to nurture students with the main theme - "Justice and Truth" through our curriculum.
- The QEF project namely 'Respect for Life, Walk Together in Adversity' aimed at raising students' level of resilience through various training activities, including workshops for teachers and parents as well as identifying and providing support for students with lower resilience.
- The mentorship schemes were reinforced and restructured, facilitating students in pursuing their goals and striving to realize them. Both teachers' professional training and parent education will play an indispensable role in the success of nurturing our students to become a responsible, educated and law-abiding citizen. Job shadowing works as the last piece of the puzzle to link students' subject knowledge, aspirations and careers planning with authentic working environment.
- iDream programme has already been launched for 2 years and they were well-received by students. Enthusiastic guest speakers were invited to share their experience and difficulties encountered when pursuing their dreams and goals.
- To align with worldwide education trend and challenges ahead, and to broaden students' horizons and foster a holistic understanding among mainland China, Hong Kong and other Asia Countries in their education, cultures, economies and ways of life, more exchange tours targeting a profound understanding on challenges and opportunities of 'One Belt One Road' should be initiated.

Principal's Speech

Ms Louisa Lo
Principal

Our Guest of Honour, Mr. Ricky Fung, SBS JP, Honourable Guests, Parents, Graduates, Prizewinners, Ladies and Gentlemen. Good evening.

On behalf of our school's Incorporated Management Committee, may I extend my warmest welcome to you all for attending this joyous and memorable occasion of our graduates, the 58th Graduation Ceremony of Raimondi College.

As in previous years, I am going to highlight just a few of the developments occurred this year. As for the full report, please refer to the programme booklet at your seat.

Year 2018 is a jubilant year for our school as we have been celebrating our 60th anniversary. To us, human beings,60 years marks a time when one begins to prepare for retirement. But to Raimondi College, which is turning 60 this year, it is just beginning to flex its wings, persevere together in unity, and get ready to fly beyond boundaries to new heights.

For the academic development, this year, our focus is on STEM Education. We are happy to see that the education involves more than just a handful of novice scientists taking part in STEM-related competitions. This year, the school expands STEM opportunities to all students, and explores collaboration of STEM-related departments with other Key Learning Areas, namely Humanities and Languages. Besides, Small-class teaching in Junior Secondary and split-class teaching in Senior Secondary are, again, proven to be effective means in enhancing teaching & learning. I am delighted to announce that, in 2017 HKDSE, our students have snatched more than 130 5* or above. And over 95% of our graduates have been admitted to local and overseas universities.

Apart from academic development, the school put much stress on developing Life Planning Education curriculum embedded with the core values of Catholic education. This year, the themes are 'Truth' and 'Justice'. I am touched by the dedicated and caring teacher-mentors, who are always there to give students the support they need and the recognition they deserve. Keen competition is not merely classroom bounded. I am particularly proud of our athletes, who had a great achievement this year. With their concerted efforts, Team Raimondi stays in Division 1 in both Badminton and Basketball while the cross-country team is promoted from division 3 to 2 and the swimming team from division 2 to division 1. Shall we give our sportsmen a big hand? Thank you, Raimondians, for your dedication to the school.

Dear graduates, after tonight, you have one more identity in life, that is an alumnus of Raimondi College. I look forward to seeing you proudly place yourselves among the loving and well-respected alumni, who lead by example, showing you the unfailing dedication to serve this place you always call home. Once a Raimondian, always a Raimondian. On behalf of the school's IMC and all teachers, I wish you all every success and congratulations on your graduation.

May God bless you all. Thank you.

Supervisor's Welcoming Address

Mr. Peter S.T. Lee, BBS JP
Supervisor

Our Guest of Honour, Mr. Choi-cheung Fung, Ricky SBS, JP, Honourable Guests, Parents, Graduates, Students, Ladies and Gentlemen. Good evening.

Welcome to this very special occasion, the 58th Graduation Ceremony. We come together to celebrate with our form six students on their graduation. We've witnessed these students mature into very impressive young ladies and gentlemen here in Raimondi, and today it is with a mixture of bittersweet emotions that we celebrate their achievements and bid them farewell as they move on to the next stage of their journey.
No matter what path our students decide to take next, we wish them every success, and we want them to remember they will forever be a part of our Raimondi family.

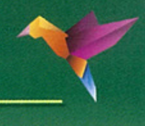

Speaking of family, today, we are honoured to have Mr. Ricky Fung, a fellow Raimondian who was with us from 1958 to 1966. Mr. Fung joined the Administrative Service of the Hong Kong Government in July, 1971 upon graduation from the University of Hong Kong. He served in various bureaux and departments, including several prominent roles such as Deputy Director of Urban Services, Deputy Director of Health and Welfare and then Deputy Director – General of Industry. Combining vision, wisdom and experience, Mr. Fung was entrusted with the post of Secretary General of the Legislative Council from 1993 to 2008. Having retired in 2008, Mr. Fung has continued to contribute his time and expertise to several boards and committees, including the Hospital Authority and Morgan Stanley Asia International Limited.

To the class of 2018, as we celebrate the 60th anniversary of Raimondi College and the many achievements of the alumni, such as Mr. Fung, please consider what Mr. Fung and his peers have achieved since graduating from Raimondi.

Be inspired by them and hold up their achievements as motivation to help you strive for excellence in your own lives: both personal and professional. Like Mr. Fung, be the embodiment of "love, unity and perseverance", the motto so valued within these walls. May you continue the proud legacy of your beloved alma mater, and fill your life with the Raimondian spirit and live in the faith of God. Always be your best self and make yourself proud, and most importantly, do your best to make your parents proud.

And finally, in the year of the 60th Anniversary, live the slogan "Fly beyond boundaries" and make your school proud!

May God bless and keep you all. Thank you.

Speech By the Guest-of-Hounor

Mr. Fung Choi Cheung Ricky, SBS, JP

李校監，盧校長，副校長，各位主任，各位老師，各位家長，各位同學，各位嘉賓

我今天非常榮幸受到邀請出席母校中學部2018年的畢業典禮。今年是母校創立60週年，我身為創校校友能參與這個重要的盛典，別具意義，謹此向校董會，校監，校長及各校友致謝。回想起我第一次參加這個典禮，時為1965年，當時還沒有畢業，是代表“現役”學生致謝詞！

我家4兄弟都是在高主教接受教育。我從學校創立（1958年）開始，得以在母校接受教育，實屬機緣巧合。現在看來，可以説是天主給我的恩典和對我的眷顧。母校當時是一所新的學校，完全沒有往績可言，報考只是因為我住在學校的附近。當年有誰會想到，母校日後可以發展成為本港名校之一，各界名人及成功人士輩出呢？在政界，我們有三位校友是前任及現任政務司司長，此外亦不少政策局和部門首長。在專業界及商界方面，也是人材濟濟。

現在的高主教書院中學部，無論在“硬件”或“軟件“上，皆有莫大發展。我們當時沒有校歌，亦沒有現在那麼詳細的　”使命宣言“ (Mission Statement) 。至於校舍方面，由創校直到我在1966年中五畢業，中小學部是共用一座大樓，教學，活動和運動設施極度缺乏。以現在的標準來看，絕對是不理想的。我曾經瀏覽學校的網頁，得悉成立了很多各類團體，除了學術性團體和紀律團體外，還有不少興趣團體。回想當年，這些組織寥寥可數，只有聖母軍及紀律性團體，如童軍，道路安全隊，紅十字會等，依稀記得還有攝影學會！母校那時候無疑是沒有條件做到“全人教育”，而有現在這樣的成績，實有賴歷屆校監，校長，老師及職員所付出的心血及努力。師弟師妹們，你們是非常幸運的！

在絕大多數人的眼中，高主教書院是一所名校，學生得以進入高主教讀書，殊不容易。母校可以有今天在教育界的地位，是經過怎麼樣的歷程，要訣又是甚麼呢？母校創立之初，可説真是“有教無類”，對收生似乎是沒有任何篩選的，學生良莠不齊。有一位警界的朋友曾經告訴我，他當年任職“反飛組”，每星期都要起碼來母校一次辦案！由此可見，當時校監，校長及各位老師的工作是如何艱辛。以我的觀察所得，母校當年的政策，是以嚴厲紀律及頻密測驗為本，務使學生無論在操行方面，或在學業成績方面，皆可以與本港名校看齊。當時學校在校監祈良神父的領導下，紀律有多嚴厲，相信大家都可能知道，在此我不再詳述，但我相信應該是全港第一，遠近馳名的！至於測驗，除了每年兩次大考，幾乎每個月都有測驗。母校採取俗稱“金字塔”的制度，以中學而言，在我記憶中，中一時有六至七班學生，而差不多每年淘汰一班，至中五時只剩餘三至四班學生，有人形容為與當年一齣電影名字“金字塔血淚史”一樣。但可能正是這樣，我們當年會考的成績非常好，可惜母校還未開設預科課程，否則我們當年絕大部分皆能考入港大或中大，可以所有光榮歸於母校！

我在母校就讀，由小四至中五，一共八年。因為母校在我中五畢業後翌年（1967年）才開設預科課程，所以我未能在母校接受現有的“一條龍”教育，感到十分可惜。我會考後入讀皇仁書院。皇仁在當年已經是一所名校，但我和其他前身為高主教學生的同學，學業成績毫不遜色，而且操行更勝一籌。

母校無疑在我的學業上給了我寶貴的教導和指引，亦對我後來事業的成就影響至大。我非常幸運得到老師們的指導及薰陶，尤其在語文方面奠下良好的基礎。特別要提的是在我中五時當我班主任的莫禮理前校長，他在那年教的英文課，令我一生受用無窮。不過，最令我得益不淺的是母校嚴厲的紀律及促使學生勤奮向學的作業模式。我覺得這兩個因素對我的事業和做人處世，皆有莫大裨益。我不敢説我是一個成功人士，但我認識不少成功人士，而可以在差不多每位身上，都可以看到這兩個因素的影子。

首先，關於紀律。現今社會上很多人，尤其是年輕一代，都覺得紀律等同老套，古板，呆滯，不敢創新，不能　“think out of the box”，更有人覺得反叛才是有型，才可以創新。我認為一個人是否有創新的頭腦，與其是否一個遵守紀律的人沒有相互關係，因為創新是天份，而紀律則是規則和習慣。其實，一個天生有創意的人加上嚴守紀律的行事方式，反而會事半功倍呢。在很多舊生的聚會，我有一些同學會拿當年母校的嚴厲紀律來開玩笑。可以告訴大家，我對這些笑話是不大開心的。學校當年推行的嚴厲紀律，旨在向同學們灌輸尊師重道及遵守規則的思想，以使可以將來做一個守法和有責任感的人。有些同學可能覺得紀律扼殺自由。有一位朋友告訴我，教宗約翰保祿二世曾經説過，個人的自由只是在一個有秩序有規律的社會這個大前題下，才有意義。我非常同意。可能，母校現在的紀律已經沒有當年那麼嚴厲（起碼再沒有體罰！），但我深信絕大部份的學弟學妹都能夠秉承學校一向的優良傳統，在校尊重師長及遵守紀律，將來在社會上能成為有責任感的守法公民。

至於勤奮作業這一個因素，想我不必多説，大家都會同意無論甚麼行業和崗位，都是要達致成功不可或缺的。以我的觀察所得，現在不少年青一代，有一個通病，就是不願意接受額外的責任或新的挑戰，俗語説就是“唔抵得諗”。他們的解釋是在入職時已經界定了工作要求及範圍，額外責任是不合理。雖然如此，我的經驗是以這樣的態度做事，或不至於遭受淘汰，但要有光輝歲月，錦繡前程，恐怕做不到了。

正如我剛才指出，我不敢説我是一個成功人士，不敢向各位學弟學妹説教。我以上所説的，是希望與在座各位分享我在學業和事業上的經驗。當然，隨著時代變遷，要達致成功未必有一個永遠的方案。可是，我覺得嚴守紀律及勤奮作業這個態度仍然是放諸四海而皆準。最後，我謹此祝願母校校務更進一步，各位畢業同學事事順利，前程錦繡，在座各位健康愉快！

多謝各位。

Hakim Kardia Imanuel and Ho Kin Hei
S.6 Representatives

Good evening Mr. Fung, Mr. Lee, Ms. Lo, honourable guests, parents, teachers, fellow Raimondians,

We are honoured to speak before you on behalf of all form 6 graduates. This evening has a special place in our hearts – it is an evening that marks our final moments in this beloved school.

We'd like to thank everyone for coming, witnessing one of the most memorable moments in our lives.

We came in before 8, anticipated for recess, and counted down for the last Bell to ring and then go to orchestra practice or tutorial centres.It loops over and over. As if we had 28 hours a day.

But all of the sudden, there was a shift. We went from newbies to oldies, from mentees to mentors and from followers to leaders. Especially in the last 2 years, I think we all noticed how we went from having limitless time to barely catching up with the clock.

It feels like it was only yesterday when we were all around the same height with chubby rosey cheeks roaming around the halls. We were wide-eyed pre-teens full of hope, anticipating for what comes next.

But now, here we are today and we realize what's next is leaving the school. Leaving the place we have called our home for the past 6 years. Leaving the place where we were nurtured, looked after and cared for by the amazing individuals sitting in this hall today. For once in our lives, we want time to stop.

We want more than that; we want time to rewind. We want to go back to the Athletics Meet and Swimming Gala and cheer for our friends again. We want to run to the tuck shop and to be the first in line for snacks. We even want to hear the loud gentle reminders given by our class teachers: Mr.Yip, Mr.Wong, Mr.Lo and Mr.Ho, one more time and let them advise us like they used to in the past 3 years.

Teachers, thank you. You have taught us that education is not merely transfer of knowledge. You've guided us with patience and never once have you given up on us. Needless to say, you are one of the reasons why we want to stop time.

We'd also like to express our heartfelt gratitude to our school supervisor, Mr. Lee, and all the school managers, for their great leadership and generous support. And of course, our dearest principal, Ms. Lo, thank you so much for your unconditional love, care and trust. The school has never stopped improving, and everyone here could notice the betterments you led: gaining higher school reputation, renovating old facilities like the library, listening to and respecting our opinions, to name a few. Not to mention the efforts you paid for our school's 60th Anniversary celebration.

Actions speak louder than words, and all of these have shown us that you are a caring and insightful principal, that you always have our needs as top priority, and that you genuinely love Raimondi and Raimondians.

Having you as our principal is more than honoured and blessed. I think I can also speak on behalf of the girls and thank you for being a heroine.

Thank you for showing us that a woman can be so strong. Thank you for showing us that a woman can be the boss.

We'd also like to extend our deepest appreciation to the Parent-Teacher Association, the Reverend Joseph Carra Education Fund, the Raimondi Alumni Association, the Raimondi Alumni Association Foundation, and all other benefactors for providing immense resources and aid to our education.

We are very grateful to have witnessed the neverending love from the alumni. We are so proud to see how supportive our alumni are to our school. From our academic dresses that we are wearing today to mentoring us at the Chinese New Year Booth. Mr.Fung, our Guest of Honour is also an example of how Raimondi College is a breeding ground for future elites. We hope, as new alumni, we can follow in your footsteps and continue to contribute to the school.

Let's not forget the hard work of the non-teaching staff. We are thankful for the loads of paperwork and tasks performed behind the scenes. They are what facilitate the daily operations of our school, supporting normal schooling. Thank you.

We would also like to take this chance to thank our janitors. Without their hard work, we would not have been able to learn in such a pleasant environment.

Last but not least, we have to thank our parents. 18 years you have stood by us, cared for us, raised us. We have grown from an innocent baby who could barely speak, to a young adult. Now, I pronounce: we are very proud to have you as moms and dads. Sometimes we may have disagreements, yet we will never forget the effort you paid to bring us up, and we are and will always be grateful. You are the reason why we are on this stage today.

Fellow Raimondians, stop looking at the clock and checking the time. Embrace every hour, every minute, every second. No matter where we end up in the future, there will always be challenges and obstacles that make time move a little slower and make us anxious for the future.

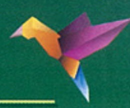

But it is written in the Scripture, in the Gospel of Matthew, "Therefore do not worry about tomorrow, for tomorrow will worry about itself. Each day has enough trouble of its own." If we only anticipate for what's next, we won't enjoy the present.

During your times of trouble, never forget how we grew up under the same roof, all striving for one purpose. How we anticipated to sing the last words of the school hymn. How this place taught us to endure the challenges we will face in the future. Let us keep in mind that We are Raimondians, and when times are tough, we can always look back to the remarkable moments Raimondi has given us.

Once again, thank you ladies and gentlemen for attending this ceremony, sharing this moment with us. We wish you all a wonderful evening.

May God bless you all. Thank you.

Our Shining Stars

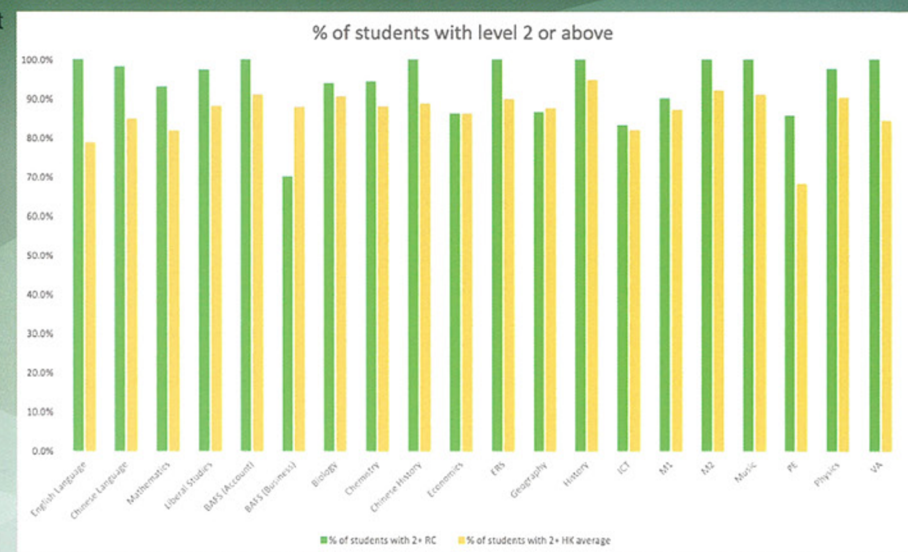

Raimondians pride themselves on their excellent academic performance in public examinations.

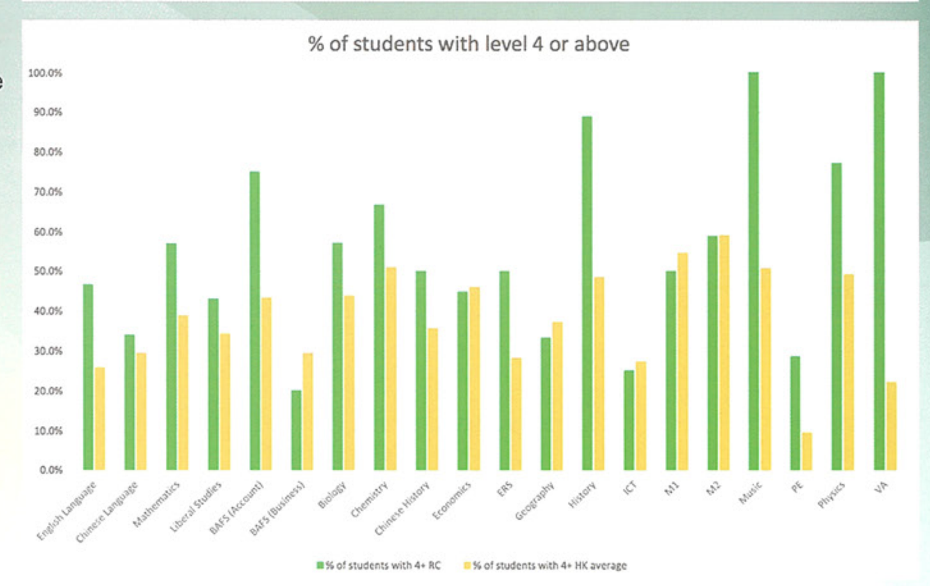

In 2017-2018, our S.6 graduates attained pleasing results in the Hong Kong Diploma of Secondary Education (HKDSE) examination.

Among all S.6 students, 93% of them obtained Level 2 or above, while 55% of them achieved Level 4 or above. These outstanding results show the determination and perseverance of our students, as well as the diligent work of our teaching team in building a concrete knowledge foundation for Raimondians in pursuit of their studies.

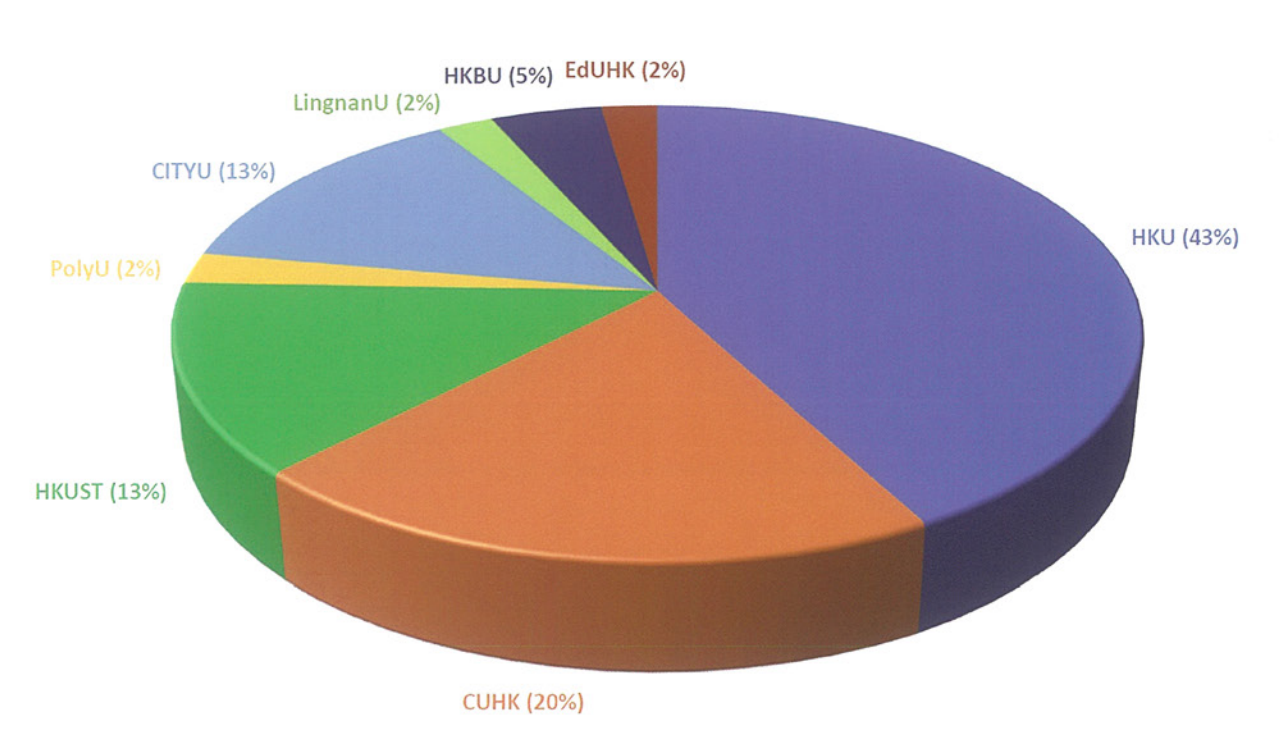

In the 2018 HKDSE examination, over 95% of our graduates were admitted to local or overseas post-secondary and university programmes. Among those who were offered a UGC-funded undergraduate degree programme through JUPAS, over 74% of them enrolled in the top 3 universities in Hong Kong, namely University of Hong Kong, The Chinese University of Hong Kong and Hong Kong University of Science and Technology.

Parent- Teacher Association

Parent- Teacher Association

Office-bearers for the year 2016 - 2018

President	Ms. Catherine Lam	
Vice President	Ms. Ellen Tsang	
Secretary	Ms. Carrie Tse	
Treasurer	Ms. Lina Tau	
Recreation Master	Mr. Willin Chan	Ms. Yvonne Hui
Coordinator	Mr. Wong Ming	Dr. Kwan Wai Wing
Members	Mr. Henry Lam	Mr. Johnny Yau
Teacher Representatives	Mr. L. Yeung Mr. D. Chung Ms. D. Chong Mr. H. Wong	Ms. R. Sit Ms. W. Chiu Mr. A. Lau Mr. S.K. Wong

The Raimondi College Parent-Teacher Association played a crucial role in facilitating communication and cooperation between home and school. This year, the association has gathered its parent members to attend an array of seminars and workshops on topics ranging from parenting to values education. In addition, RCPTA actively supports students' whole-person development through donating scholarships and awards, raising funds to improve school facilities and supporting school functions such as the Athletic Meet and S1 Parent Orientation Day.

Ultimate Master Blaster Quiz: Part 2	"General Knowledge" Trivia Challenge

English Corner

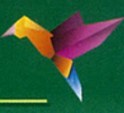

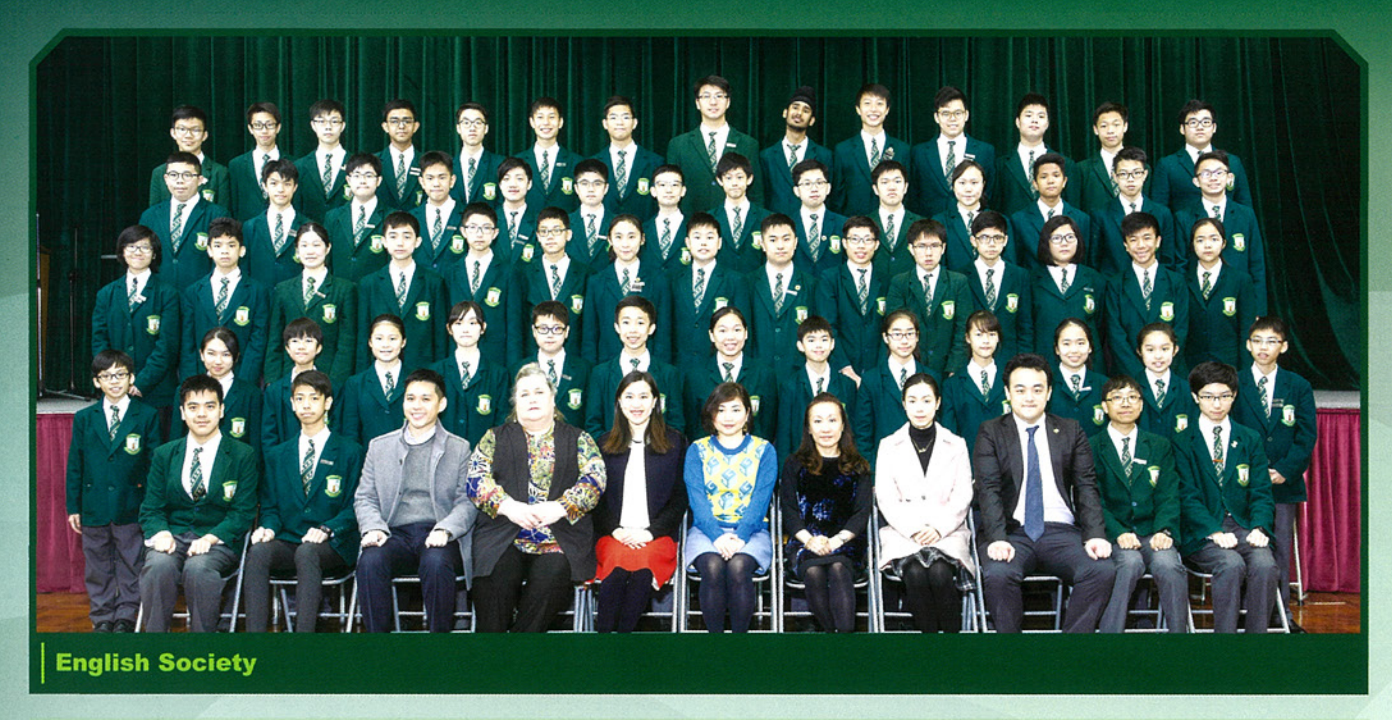

ABC

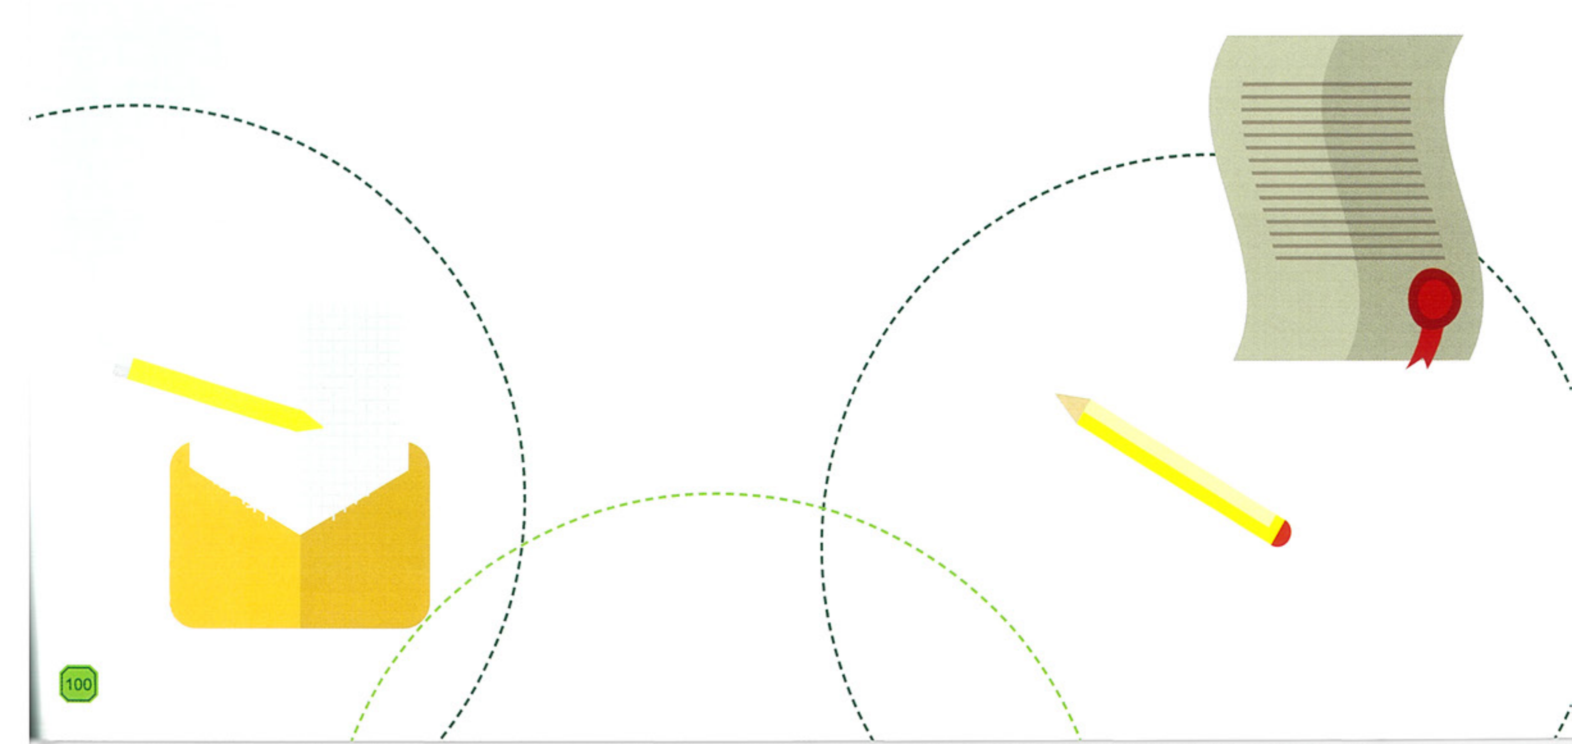

English Society

English to some students may seem like an endless routine of tests and exams, or an annoying second language to learn. However, we, the English Society, would like to tell everybody that English is not just about studies, it can be fun and entertaining. We do our best to organize events which change the way Raimondians view English as a language. In the process, we will enhance their proficiency in a way that is more laid back, so that students can learn faster, easier and better.

English Prevails!

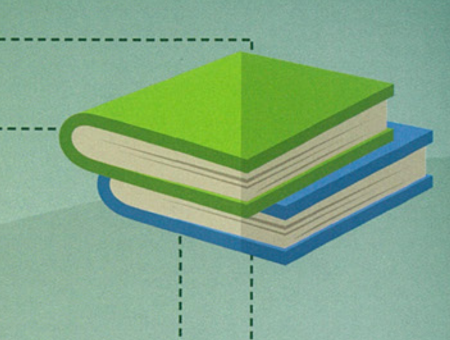

Activities

December 2017	Junior Secondary Public Speaking Contest Joint School English Oral Practice with Ming Kei College

Leader	Ip Cheuk Tin Vincent
Assistant Leader (1)	Chan Ging Tsz Stephen
Assistant Leader (2)	Leung Yi Kwan Odin

Activities in the school year 2017-2018

1. P.6 Orientation Day in December 2017
2. Science Week in March 2018
3. Visit to Lamma Winds in March 2018

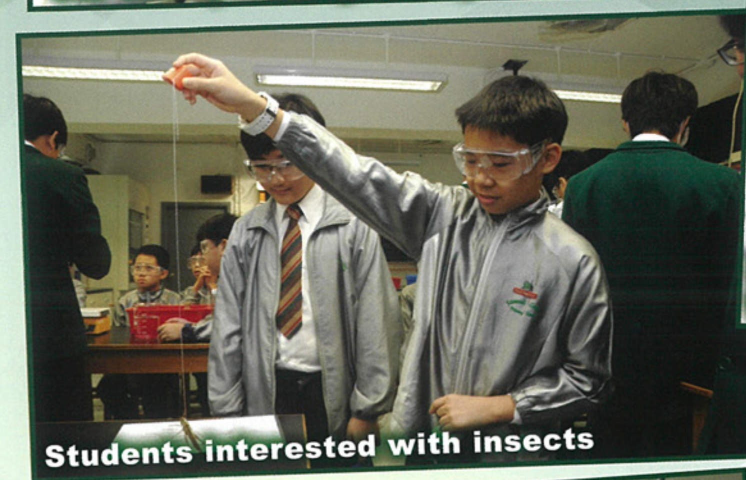

P.6 Orientation Day

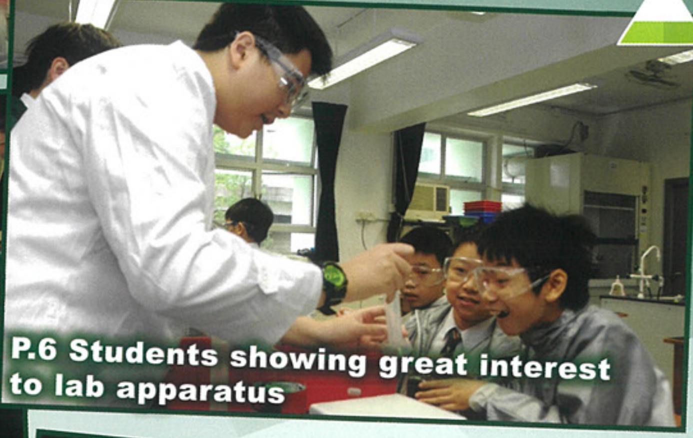

Our Chairperson greeting P.6 students

Our Chemistry Leader demonstrating the experiment

Students interested with insects

P.6 Students showing great interest to lab apparatus

Students listening to Helper's Explanation of insects

Looking through the microscope

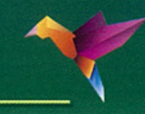

Getting some more 'Hands On' Experience

Getting some 'Hands On' Experience

Science Week

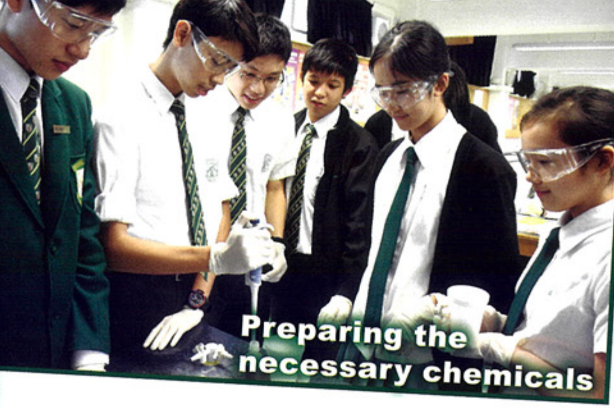

Opening ceremony using IPads

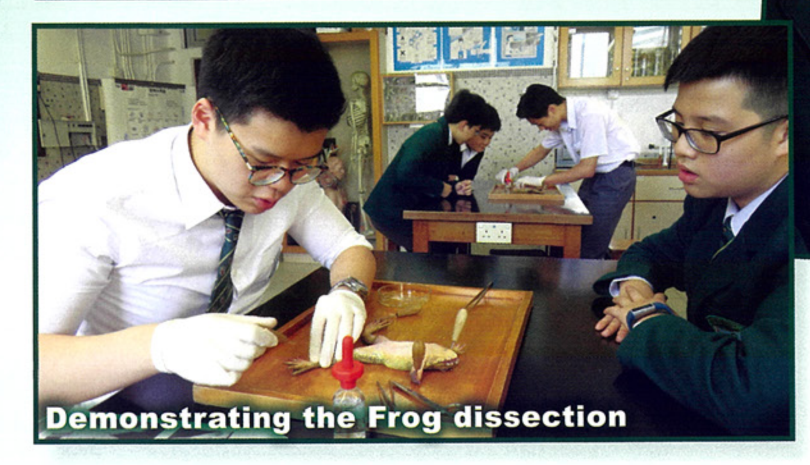

Mr. Li Giving the Astronomy Talk

Mr. Chau having fun in Making DIY Plastic Products

Preparing the necessary chemicals

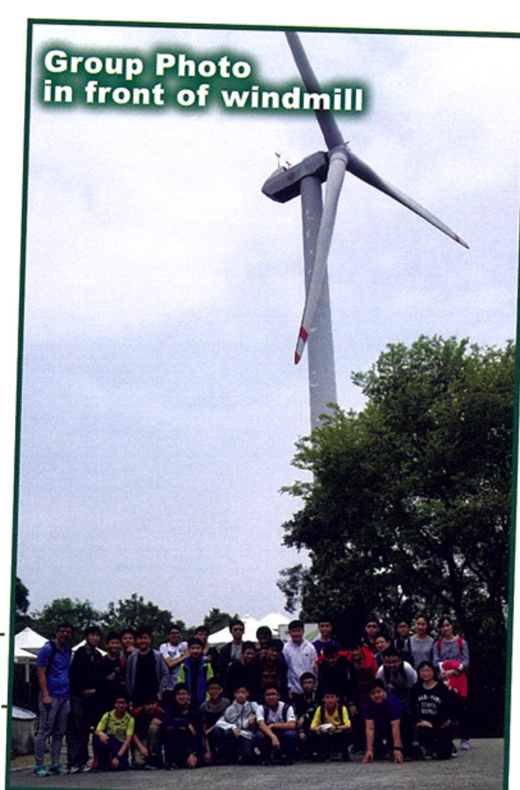

Demonstrating the Frog dissection

Visit to Lamma Winds

Group Photo in front of windmill

高主教書院幼稚園部前位於小學部校舍(香港羅便臣道二號)，因小學部地方不敷應用，於1999年9月完成歷史任務。天主教香港教區為貫徹「一條龍」的辦學精神，於2012年9月重辦高主教書院幼稚園部，為幼兒繼續提供優質及愉快學習的校園生活，為家長能在所屬的小學至中學一脈相承地為學童在愛與關懷的氛圍下完成基礎的學習歷程。同時，並以教區屬校天主教聖猶達幼稚園(香港北角建華街三十號)校址，重新為高主教書院幼稚園部幼兒提供教育服務；因此，天主教聖猶達幼稚園（前身為聖貞德小學幼稚園）已於2012年9月結束以其校名，為地區完成辦學57年的歷史任務。

本園共有48位教職員，包括1位校長、1位主任、30位老師、2位外籍老師、1位輔導員、1位校護、1位教材設計員、1位書記，3位文員、及7位工友。學校的領導人員重視群策群力，視員工為協作夥伴，在園內營造關愛和諧的氣氛，彼此合作，互相支援。

本園2017-2018年度開辦上午幼兒班、低班、高班各3班，下午幼兒班、低班、高班各3班，合共18班，學生共有516人，而應屆畢業生有176人。

本園校舍設有9個課室、多用途室、多元智能室、音樂室、禮堂及大型戶外活動場地，以提供幼兒更多的學習空間。園內亦設有互動電子白板、手提電腦、網上學習平台及視聽教材等，以增進幼兒的主動學習興趣，提升學習效能。

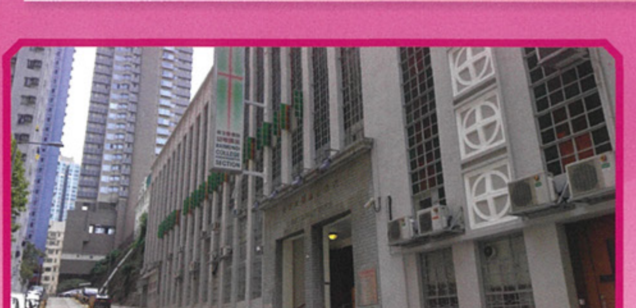

學校課程以幼兒為本，關注幼兒的身心發展，著重靈、德、智、體、群、美六育的全人發展，透過愛的教育及生命教育的推展，讓幼兒認識天主，有愛和服務的精神，並培養幼兒有健康的體魄，有探究的精神，富創意及解決問題的能力。同時，本園現有2位外籍英語老師及3位普通話老師，藉此培養幼兒有良好的「兩文三語」基礎，提升他們在語文各方面聽和講的能力。
